## Sundowner Trailers Further Expands into the Motorsports Market

Coleman, OK --- As Sundowner continues to be mindful of consumer requests and diversifies to meet their needs, they have been overwhelmingly welcomed into new markets. Followed by an extremely positive response to the Sundowner ProGrade Toy Haulers was the Xtra Series Transporter with a sleek edgy look that fit the motorsport audience perfectly. From there they began further research and development focusing on the motorsports community.

With the recent introduction of Sundowner's enclosed race trailer came an extremely favorable response from consumers. Owners will travel safe and stylish all the way to the track. The commercial quality and all aluminum construction that is always evident with a Sundowner adds greatly to its appeal. Popular features include a cabinet package, a 110V package, .040 single piece roof, .050 bonded side skin-interior and exterior, rear spoiler with LED lights, aluminum plank floor with dovetail and aluminum wheels for starters. Customization is always welcomed with plenty of experts ready to address specific needs.

These new enclosed race trailers along with the new motorsport stackers and motorcycle trailers are all covered by the Sundowner Trailer 3 year hitch to bumper, 8 year structural warranty.

To learn more about these trailers or to find a dealer near you go on line at [www.sundownertrailer.com](http://www.sundownertrailer.com) or call 800-438-4294.
